Camel

Leatherette

Our most popular option. Leatherettes are high-end synthetic leather embossed with a leather-like texture and are soft and matte in the finish with excellent material consistency.

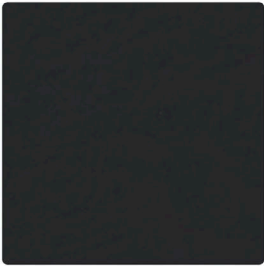

Black

Slate

Faux Leathers

Another non-leather material, this option is smoother in finish compared to our Leatherette and has an excellent surface for blind and foil debossing.

Alligator Leather

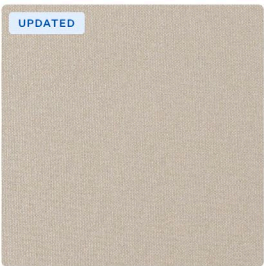

This option is a bonded leather embossed with an exotic alligator texture.

Black

Chrome

Our Chrome material is made from a cotton weave and then coated to create a luminescent modern finish.
